We offer **one-bedroom apartments** for sale in Kosharitsa in the new Green Forest development – a project that combines modern architecture, quality construction and a well-thought-out concept for comfortable living close to the sea. Set in a მშვიდი? Oops need pure English. continue carefully. Need no mixed language. Let's redo fully clean.

Green Forest is located in a peaceful and green area, offering a sense of space, fresh air and a more natural living environment, while still providing convenient access to the coast and the resort infrastructure in the area. This makes the project particularly attractive to buyers looking for **property by the sea in Bulgaria** in a quieter and more balanced setting.
This type of home is especially sought after because it offers an excellent balance between functionality, comfort and practical layout. That is why **one-bedroom apartments in Kosharitsa** attract interest both from buyers looking for a holiday home and from those searching for a modern property with long-term value. Within Green Forest, these apartments are part of a project that stands out not only for its location, but also for its overall concept and quality of execution.

The architectural vision of the complex is modern and distinctive. The buildings are designed in a contemporary style with elegant facades, where stone is used as a visible accent. This gives the development a more refined, durable and premium appearance, helping it stand apart from many standard coastal projects. The common areas are also finished to a high standard, creating a stylish and representative atmosphere from the moment you enter and reinforcing the impression of a carefully planned residential environment.
A major advantage of the complex is the provision of more than 100 parking spaces, which is an important benefit for this type of development and adds convenience for owners. Heated swimming pools are also planned, further enhancing the feel of a complete residential complex designed for relaxation and longer seasonal use.

The interior concept shown in the furnished apartments also makes a strong impression. The spaces are designed in a modern and harmonious style, with a very good balance of colours, materials and functionality. In the living areas, you can see elegant kitchens with built-in appliances, clean-lined cabinetry, contemporary lighting and well-organised spaces that combine practicality and comfort. All this gives a clear idea of the standard the project is aiming for and the level of living comfort it seeks to provide.

The bedroom areas are designed with attention to detail and a sense of a finished home. Stylish beds, functional wardrobes, modern lighting fixtures and carefully selected decorative elements create a calm and balanced atmosphere. The interiors feel contemporary and comfortable without unnecessary visual clutter, which adds to the appeal of these **apartments in Bulgaria** for buyers looking for both style and practicality.

Another important advantage of the project is the inclusion of smart systems, adding modern convenience and more control to everyday living. This is especially valuable for buyers seeking **new build property in Bulgaria** with contemporary functionality and a higher level of comfort. In this way, a **one-bedroom apartment** here is not simply a holiday property, but part of a thoughtfully designed modern living environment.
Kosharitsa is a location that continues to attract buyers who value peace, greenery and more open surroundings, without giving up proximity to the sea and the amenities of the coast. This combination of tranquillity, nature and access to resort infrastructure makes **property in Kosharitsa** especially appealing to people looking for a balance between relaxation, practicality and quality new construction.

The sale is **direct from the developer**, which is a key advantage for anyone looking for **new build apartments in Kosharitsa** with a clear concept, modern appearance and well-developed residential environment. Green Forest stands out with its impressive facades, stylish common areas, heated pools, ample parking, smart features and the overall feeling of a project created with today’s buyer in mind.
