Royal Homes real estate agency offers **two-bedroom apartments in Green Life Secret Garden**, a premium residential section of Green Life Beach Resort in the Kavatsi area of Sozopol, Bulgaria. The properties are offered **direct from the developer** and combine generous living space with access to one of the best-established resort environments on the southern Black Sea coast.

The apartments start from **100 sq.m** and feature two separate bedrooms together with a comfortable living area. This layout is particularly suitable for families, buyers planning longer stays by the sea, or anyone looking for a more spacious alternative to a standard holiday apartment.

Green Life Secret Garden has a more private residential character within the wider resort. The low-rise buildings are set among landscaped grounds, pedestrian paths and relaxation areas, creating a greener and more secluded atmosphere while retaining convenient access to the facilities of Green Life Beach Resort.

The apartments are delivered **fully finished**, allowing buyers to move directly to furnishing and equipping the property without undertaking the main construction and finishing works themselves.

Owners can benefit from the established infrastructure of Green Life Beach Resort, including swimming pools, sports and leisure areas, fitness facilities, restaurants and landscaped communal spaces. The development is located close to **Kavatsi Beach**, one of the most sought-after beach areas around Sozopol, known for its wide sandy shoreline and natural coastal setting.

For international buyers searching for **property for sale in Sozopol near the beach**, Secret Garden offers a combination of recognised resort infrastructure, larger apartment sizes and a more residential feel than many typical holiday developments. The two-bedroom format is especially practical for family use, extended summer stays and regular visits throughout the season.

The apartments are sold **direct from the developer**. An agency commission applies to the transaction.
