## One-Bedroom Apartments for Sale in Green Life Park Side 3, Sozopol

47.61 sq.m. · from 1972 €/sq.m. · Apartments · 1-bedroom · For Sale · Floor 1 · Bathrooms 1 · Property Code: 42261

Royal Homes real estate agency offers **one-bedroom apartments in Green Life Park Side 3**, a new phase of Green Life Beach Resort in the Kavatsi area of Sozopol, Bulgaria. This part of the resort is positioned closer to the forest and offers a quieter setting while keeping the beach and the main facilities of Green Life within easy reach.

The apartments start from **47.61 sq.m** and feature a separate bedroom together with a dedicated living area. This layout makes them a practical choice for couples, small families and buyers who want more privacy and day-to-day comfort than a studio can provide.
Park Side 3 has a low-rise residential character, with light façades, balconies and landscaped surroundings. The limited number of apartments per floor creates a calmer atmosphere, while the neighbouring greenery gives this phase a more private feel within the wider resort.
A **large swimming pool with a dedicated children's area** is planned next to the buildings. Owners will also have access to the established infrastructure of Green Life Beach Resort, including swimming pools, sports and leisure areas, restaurants and landscaped communal spaces.

The development is located close to **Kavatsi Beach**, one of the best-known beach areas around Sozopol. For buyers looking for a **one-bedroom apartment near the beach in Sozopol**, Park Side 3 combines a recognised resort setting with a more peaceful position next to the forest.

The apartments will be delivered **fully finished**, so buyers will not need to arrange the main interior finishing works after construction. The property can then be furnished and equipped according to personal preferences.

Green Life Park Side 3 is currently **under construction**. The apartments are offered **direct from the developer with no buyer commission**, and **instalment payment options** are available during the construction period.

The combination of a separate bedroom, proximity to Kavatsi Beach, a greener setting and access to the wider Green Life facilities makes these homes suitable for regular holidays, longer seasonal stays or buyers seeking a more functional coastal property in Sozopol.
