Two-Level Penthouses with Three Bedrooms in ONA HOMES, Burgas

225.07 sq.m. · from 1585 €/sq.m. · Apartments · 2-bedroom · Multi-room · For Sale · Floor 8 · Bathrooms 3 · Property Code: 42282

Royal Homes real estate agency offers **two-level penthouses with three bedrooms in ONA HOMES**, a new residential development in the Slaveykov district of Burgas, Bulgaria. These homes are designed for buyers who want significantly more space, a clear separation between living and sleeping areas, and a more distinctive residential format than a standard apartment.

The penthouses start from **225.07 sq.m** and are arranged over two levels. This layout creates a natural division between the main living area and the private bedroom zone, while the three separate bedrooms make the property suitable for larger families, a home office, guest accommodation or a more flexible long-term living arrangement.

By property category, these homes fall within the **multi-room apartment** segment, but their scale, two-level layout and upper-floor position place them in a different class from the standard apartments in the building. They are particularly suitable for buyers looking for a spacious city home with more privacy and a stronger sense of separation between different parts of the property.

ONA HOMES is located in Slaveykov, an established residential district of Burgas with well-developed infrastructure. Supermarkets, schools, kindergartens, medical services, retail facilities and Mall Galleria are all within convenient reach, making the area well suited to permanent family living.

The building is designed with nine above-ground floors and **two underground levels with garages and parking spaces**. For a property of this size, having parking within the same building is an important practical advantage.

Construction of **ONA HOMES** started in June 2026, with a stated construction period of 36 months. The penthouses are available **direct from the developer, with no buyer commission and no maintenance fee**.

For buyers searching for a **penthouse in Burgas or a large multi-room new-build apartment**, ONA HOMES offers a comparatively rare city format: three bedrooms, two levels, generous internal space and a location within an established residential neighbourhood.
