Spacious Two-Bedroom Apartment Direct from the Developer in Domenico, Sveti Vlas

106.26 sq.m. · from 2191 €/sq.m. · Apartments · 2-bedroom · For Sale · Floor 1 · Bathrooms 2 · Property Code: 42692

We offer for sale a **spacious two-bedroom apartment of 106.26 sq.m, available directly from the developer** in the new Domenico Aparthotel residential complex in Sveti Vlas.
The apartment is located on the **first floor of a five-storey building** and is a great option for family living, a holiday home by the sea, or a property investment in a modern coastal development.

The layout includes an entrance hall, a spacious living room with kitchen and dining area, **two separate bedrooms**, and **two bathrooms**.

The living area is designed as a bright and comfortable space for everyday life and relaxation. The interior concept combines a lounge area with a large sofa, a dining space and a modern kitchen. Natural wood textures, soft beige tones and elegant blue-grey accents create a calm and contemporary atmosphere.

The main bedroom is designed in a cosy modern style and includes a large bed, wardrobe space and

practical furniture. The second bedroom is also planned with comfort and functionality in mind.

Both bathrooms are designed in a contemporary style, featuring quality finishes, light natural tones, shower areas with glass partitions and practical sanitary fittings.

According to the project, the apartment will be offered **with furniture**, making it especially attractive for buyers seeking a ready and convenient solution in a new seaside complex.
A key advantage is that the property is offered directly from the developer, giving buyers the opportunity to purchase a new home in a modern residential project close to the sea.

Domenico Aparthotel consists of two elegant five-storey buildings with landscaped grounds. Planned amenities include an outdoor swimming pool, relaxation areas, green spaces, a children’s playground, underground parking and bicycle storage.

The complex is located in Sveti Vlas, with convenient access to the beach, shops, restaurants and all resort infrastructure. Sunny Beach and Nessebar are also within easy reach.

Planned construction completion: summer 2027.

This apartment is an excellent choice for families, for seasonal use, or as an investment property with rental potential.
